

CHERRY WAX

SPRAY WAX FOR VEHICLE EXTERIOR

CHERRY WAX is an automotive finishing wax and rinse aid designed to promote water-beading and prevent water-spotting while enhancing the original lustre of a vehicle's exteriors.

CHERRY WAX provides a high gloss finish that resists soil re-deposition, reduces road-film accumulation and effectively inhibits oxidation.

FEATURES & BENEFITS

- Water-based micro-emulsion
- High foaming
- Pleasant cherry aroma
- Neutral pH
- Free of harsh alkali and phosphates
- Cost efficient
- Protects fine finishes
- May be used in manual and automatic foaming systems

DIRECTIONS FOR USE

Use procedure	Surfaces should be cleaned prior to application. Use CHERRY WAX as part of a manual, high-pressure, or foaming application.
Concentration	For all applications, dilute at a ratio of 128:1 to 50:1 or approximately 0.8 to 2% v/v with water, depending available water quality.
Use temperature	Effective in both hot and cold water.
Dwell time/Operation time	Rinse after completion of application.
Rinsing	Clean water is recommended.

PHYSICAL PROPERTIES

Appearance	Clear, amber liquid
Odour	Cherry
Specific gravity @ 20 °C	0.95
Viscosity	Not available
pH	5-6
Flash point (TCC)	None
Water solubility	Complete
Boiling point	100°C (212°F)
Freezing point	Not available
Foaming tendency	High
Rinsing	Excellent
Concentration monitoring techniques	Not available

INCOMPATIBILITY

Strong oxidizers

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

AVAILABLE SIZES

20L	120L	205L	1000L

IMPORTANT

Before using **CHERRY WAX**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

Skin contact

Rinse skin with water. Wash contaminated clothing before reuse.

Inhalation

Not applicable.

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Contact physician if irritation persists.

PERSONAL PROTECTION
