

HIFOAM

HIGH FOAMING AND STRONG CLINGING
ALKALINE CLEANER

HiFoam is a heavy-duty, very high foaming alkaline cleaner used to for cleaning of stables, animal housing, buildings and equipment.

With a prolonged contact time of up to 30 minutes, **HiFoam** is very effective on heavy soil and helps saving labour time and water.

FEATURES AND BENEFITS

- Phosphate free
- Abundant, lasting and thickening foam
- EDTA free
- High alkalinity
- Completely water soluble
- Non-chlorinated
- Very powerful
- Biodegradable

DIRECTION FOR USE

Use procedure

Remove heavy accumulations of debris and waste matter.

Pre-rinse with high pressure hot water and apply foaming solution of **HIFOAM** with the appropriate equipment. Allow to dwell for 5 to 30 minutes and rinse thoroughly with hot water to ensure complete removal of any product residue.

Use high pressure whenever possible.

Solution strength can vary between 0.5% and 3% (5ml to 30ml/L) of **HIFOAM**.

Apply as a foam, either hot or cold. Treated surfaces which may contact food products must be rinsed with potable water.

HIFOAM HIGH FOAMING AND STRONG CLINGING ALKALINE CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, pale yellow liquid
Odour	Fresh detergent
Specific gravity @ 20°C	1.13
Viscosity	<10 cps @ 25°C
pH	>13.0
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	0°C
Foaming tendency	Very high
Concentration monitoring techniques	Titration
Rinsing	Excellent

INCOMPATIBILITY

Strong acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

		
20L	205L	1000L

IMPORTANT

Before using **HIFOAM**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).
