

QUADRACID

LIQUID ACIDIFIER

QUADRACID is an acidifier for water pH control. It contains one inorganic acid and three organic acids.

QUADRACID is specially formulated to provide the appropriate pH for optimal water quality in a safe and quick manner. When used as indicated, the pH will be lowered by 1 to 3 unit, depending on water quality and hardness.

**Feeds Act Registration
Number: 983750**

FEATURES AND BENEFITS

- Four acid composition: phosphoric, citric, lactic and formic
- High performance product
- Non-foaming
- Highly concentrated
- Optimizes water quality

DIRECTION FOR USE

Techniques

Clean out water pipe with **PREMISE ACID** before applying **QUADRACID**.

Concentration

Stock solution:

Mix 10 ml of liquid acidifier in 1 litre of potable water.

Working solution:

With a metering pump, use 1 part of stock solution with 100 parts of water. (1:100).

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Acidic
Specific gravity @ 20°C	1.41
Viscosity	< 10 cps
pH	< 1
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Non-foaming
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Chlorinated and alkaline materials

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
20L	205L		

IMPORTANT

Before using **QUADRACID**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
